

2014 CABERNET SAUVIGNON, COLUMBIA VALLEY

INCONCEIVABLE WINES are always “of a place.”

They have distinctive aromas and flavors indigenous and inherent to where they are grown. Our labels identify place-clues for exploring the wine within the bottle.

BY MIDDLETON FAMILY WINES • INCONCEIVABLEWINE.COM

Blackberry and black cherry aromas dominate the nose with a moderate level of toasty vanilla from oak aging. A rich mouthfeel (with nicely rounded tannins) is complemented by notes of blackberry, black currant, and black cherry. There are hints of tanned leather and vanilla joining the dark fruit character on the finish.

2014 was an extremely warm vintage, achieving very rich and ripe character in the Cabernet Sauvignon - producing black cherry, blackberry, and black currant flavors.

52% of the blend was barrel aged for 23 months in second and third fill barrels; 48% of the blend was aged for 11 months on new French oak tank staves (to add more new oak character) before being barreled down for the final 12 months in second and third fill barrels.
